THINGS TO KNOW BEFORE YOU GO

- This is a guided field trip tour setup as “stations”, so we can rotate groups between each one.
- Each field trip will last between 1 - 2 hours. We do not have an option to stay longer after your allotted time; however, we would love for students and their families to come and visit us on the weekends for the Pumpkin Patch.
- We ask for your group to arrive 15 minutes before your scheduled time to allow for the check-in process. If you arrive late for your tour, the allotted time for the Fun Zone activity will be reduced to keep the schedule on track.
- We cannot wait on parents or other guests of your group to arrive for your field trip to begin. Everyone must be together and ready to begin at your booked time.
- Parents and other guests attending your field trip do not pay their admission cost with the school reservation. They will pay individually when they arrive on the day of the field trip.
- All remaining groups and guests must be leaving the property by 12:30 PM so our staff can reset for the following day and we can resume our regular farming activities.
- Visitors in wheelchairs will experience traveling across some gravel. Each activity and exhibit area is accessible during the tour to wheelchairs; however, assistance will likely be required over some terrain.

Sharing the joy of farming and giving children the opportunity to learn through hands-on experiences, is what motivates us to provide field trips. We look forward to you joining us this fall.
